

About the product

Light bronze adhesive coating with ivory nuances, designed for walls and furniture to bring a soft and bright atmosphere indoors.

Characteristics

-  **SUPPORT**
Vinyle
-  **ADHESIF**
Acrylique
Polymère
-  **PROTECTEUR**
PET siliconé
-  **EPAISSEUR AVEC LINER**
371 microns
-  **EPAISSEUR SANS LINER**
230 microns
-  **EPAISSEUR LINER**
141 microns
-  **FACE D'APPLICATION**
Intérieure
-  **RESISTANCE**
Optimale
-  **T° D'APPLICATION**
min 5°C
- NORMES**
EUROCLASSES

Available sizes

WIDTH 1.22 M

- 5 m
- 10 m
- 30 m
- 50 m

Features

-  **Durability**
12 to 15 years in Central Europe
-  **Usage**
Designed for all types of glazing
-  **Maintenance**
After 30 days, non-abrasive solution
-  **Storage**
2 years, away from moisture

Application guide

Application method

The surface to be bonded must be free of dust, grease or any other contaminant. Some materials such as polycarbonate may cause bubbling problems. A compatibility test is therefore recommended.

Production tracking

In order to continuously improve our production, we may modify the colors and manufacturing processes of our products without notice. We recommend ensuring that they are exactly suitable for the intended use.

Certifications

Product compliant with European standards EN 13501 (fire reaction) and Euroclass for fire safety. Certified for indoor use.
